

SENIOR INITIATIVE PAYS OFF AS DeWITT

A good example of senior initiative is Mike Ashley who has maintained a well-balanced 2.5 average. After graduation he plans to attend Albion College, majoring in history and coaching.

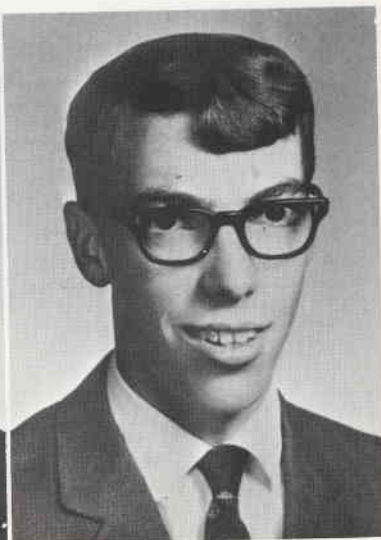

Along with his academic accomplishments, Mike has also excelled through participation in athletic activities. Well-proportioned being 5'9" tall and 175 pounds, Mike was placed as line-backer during the 1969-70 football season. For his deftness and skill, he was voted to the Michigan's All-State Team. Mike is only one of two DeWitt players to earn the highly respected award in this very competitive sport.

In addition to football, Mike also participated in other sports. He played basketball and track for a year. He has also shown ability as a wrestler with an overall 12-1 record and was voted "best wrestler of the day" by coaches at the Clinton County Tournament.

Although Mike has excelled in both areas he has also been a responsible interested class member. He assumed the class presidency in his freshman year and took part in helping with class activities throughout high school. During the past fall he respresented his class class as a candidate for Homecoming King. Mike was voted as "Most Athletic" in the senior mock elections. Most students at DeWitt would agree that he is just about "most" in everything.
