

Our Senior Year is a year of remembering, fighting, learning, and planning.

REMEMBERING . . .

- When we were freshman, getting run over by seniors. Now that we're seniors, the freshman run US over. Seems like they're making them bigger every year.
- Our first prom, and how excited we were. Never thought it would cost THAT much, did you?
- The sad losses of two of our classmates. Jody died when we were only freshman, and Dan left us in our junior year. We've missed not sharing our last years of school with them.

The Class of '74
