Across the Great Divide

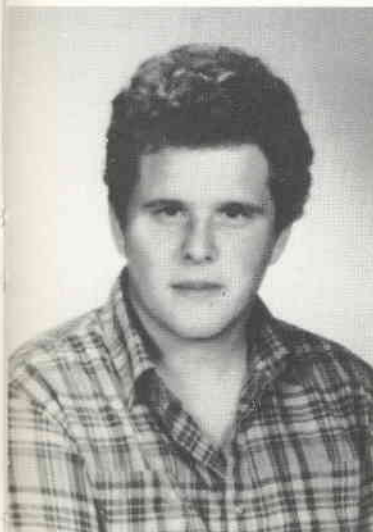

It took 12 long years but we finally made it to graduation. We've had some good times and some bad times, but through it all we smiled and said, "I'll do better next time."

They kept telling us that it would go by fast—only we didn't realize just how fast it would. Now we face all the expenses for graduation, as the UPPER CLASS seniors. All our expenses included senior pictures, caps & gowns, announcements, and last but not least, open house.

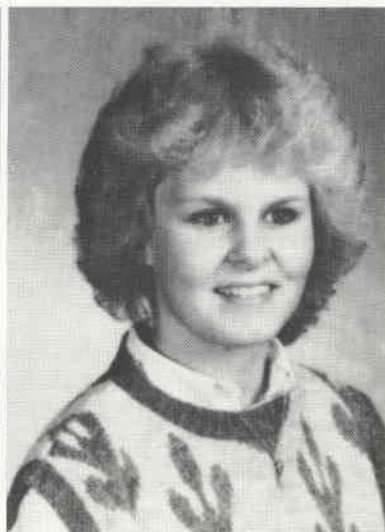

This year's senior play "Your Guests Are Ghost" was a fine success leaving everyone laughing in their seats. Three of our exchange students participated in the play this year.

We've given each other good memories to keep in our hearts forever, and they will always be there to remind us of each other forever more. We must now face our graduation day with excitement and despair—for now we will be leaving this school with all our precious memories.

We've said our good byes, and now it's time to go "Across the Great Divide" and into a world of new beginnings. We'll miss the good times shared through it all and will never forget them as we go on to bigger and better things.
