Senior Class Council

Our Senior Class Council was once again faced with many important decisions this year. They were very busy around homecoming, designing and planning for our float. Throughout the rest of the year, our class council concentrated on things to do with graduation. They came up with choices for our class to

vote on—class colors, class flower, class motto, and graduation announcements. Planning our senior trip to Cedar Point, and deciding on our signature T-shirts took much of their time. They also did much work towards our graduation ceremony. They picked our songs, decided on decorations, and made the background.
