"Graduation at last! After 13 years for you and 48 for me, we are leaving together. And what a group you were! You have excelled in academics and almost every one of your athletic teams has been ranked with the best in the state. You have left us many great memories. Most important, you were great people, fun to be around, friendly and respectful. It makes it hard for us to leave, but we both must move on. Good Luck and God Bless You."
