Just a word to you. When I first knew many of you, you were down in the 4th and 5th grades. It has been good fun to watch you grow up. Now we lose you, yet that is not quite true, because we wish to continue our friendship with you all through life. Let me hear from you and about you. Let me help you whenever I can. One never tires of seeing young people mature and the names of Jean, Bill, Mac, Dick, Dorothy, Ming, Duane, Mary Ellen, Reo, Keith, Ardith, Verna - - just to mention a few I have had in class - - plus all the rest of a very fine class will be a very bright page in my memory. Best of success to each and every one of you. May you always be a credit to yourself and to this school, - - and to your parents!

Now, let's get on that stage and show folks how to have a REAL commencement program!

Sincerely,

C.W. B.
