

"When I Count To 5 . . ."

Have you ever been hypnotized? A handful of students participated in such an activity in an assembly. After being "put under," the guinea pigs went for an imaginary plane ride across the world to the hot deserts of Africa. On the flight, they were entertained by the funniest movie they ever saw. This began to get the student body laughing, seeing their friends on stage laughing into space. Later

on, the subjects were sent back into the audience with one last command. They were to jump out of their seats and perform a hula-dance when the hypnotist said the magic word "Michigan".

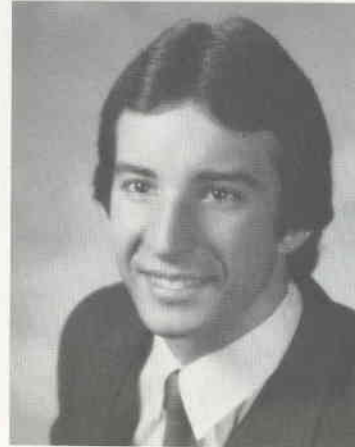

This had the student body rolling in the aisles. Jeff Falor said, "It was quite an experience." However, he also said he wasn't sure if he would want to do it again. □By E. Signs
