

CAN'T WAIT 'TIL FRIDAY NIGHT

It's Friday night and there are many things to do. The Cinema IV has a great movie showing, the varsity basketball team is taking on crosstown rivals and you know of a great party just out of town.

"On Friday, I like to go to basketball games with my friends because I love basketball and I always have fun," said Senior Sara Roberts.

"On a typical Friday or Saturday night I usually go cruising in Owosso with my best friend," said Lisa Snyder.

"My favorite thing to do on a Friday night is getting together with my friends and playing

euchre for hours," said Senior John Rustad.

With getting older also comes many changes of what you do on Friday nights.

"I now go to parties, my curfew is up and rules are different. I am now hanging out with an older crowd," said Senior Emily Scott.

"I have no curfew now, and I went from cruising downtown to driving to Jackson where I know a lot of people," said Heather Devereaux.

Many people have fantasies about their weekend nights, what they would do or who they would spend it with.

"A romantic night with dinner, dancing, and a horse and buggy ride through town. Then my boyfriend and I would take a long drive to Macinac Island and camp out and watch the sun rise Saturday morning," said Melissa Anderson

"I would spend it with Kenny G. I would have him show me how to play the saxophone like he does," said Rustad.

No matter how your week goes you can always look forward to Friday and Saturday nights. The many adventures and exciting moments they bring will always be remembered.
