STUDENTS HEAD FOR THE SUN

As a long winter came to a staggering end, many planned their way out of St. Johns and onto warm, sunny beaches for spring break.

"I couldn't wait to get to Burbank California. Lisa Kostamo and I planned to lay in the sun nonstop," said Senior Suzie Murphy.

Even concerned parents couldn't keep their kids away from the beaches.

"My mom didn't really want me to go

because she was worried about all of us girls far away in Florida, by ourselves," said Senior Tracy Koenigschenct.

Some were just happy to go South even with their family.

"My family and Leann Waddington's family went to Florida together..." said Senior Jessica Mitchell.

Some parents set a few rules to be followed.

"I needed to call but that was the only rule," said Senior Rachael Watson.

It didn't seem to matter where or with whom as long as it was sunny and warm. By Cari Cole
