Throughout high school, students create many memories.

"My favorite memory cannot be summed up into one moment. My favorite memory is all the sports I've played and all the friends I have made throughout high school. If I did have to say one moment, I'd have to say pitching in the semi-finals for softball my sophomore year," said Mandy Becker.

It was the summer before our senior year that my friends and I realized that we had finally hit our last year of high school and we had to make the most of it. Just when the sun was setting, we drove around and parked our car. We stayed and talked, the next thing we knew, it was the next day and we watched the sun rise," said April Gillespie.

"In thirteen years, no team

could do it, but we did. Winning the M.M.B. Championship was the greatest moment because no one thought St. Johns could do it and we did," said Jason Berkhousen.

"My favorite high school memory is when I went to France. It was very exciting and I was exposed to a very different culture. I visited Paris and all the new places were a lot of fun," said Liz Webster.

"My favorite high school memory is when I went to Washington D.C. for a journalism conference. I made a lot of new friends and I can't remember when I've had more fun," said Brian Schwartz.

As graduation neared, memories of those special times stood out.
