

# Remember

## when . . .

Looking back on their years of high school, Seniors Brandy Lowe, Jenna Black, and Miranda Kurncz

remember the good times they have spent together as they prepare for graduation.

Photo by Jim LeMay

As Seniors prepare for the future they often look back on the times they have shared here. There were good times and bad but all will be remembered, as graduates get ready to go into the world.

"The best times that I had while in high school were hanging out with my friends and going to concerts," said Senior Miranda Kurncz.

"I made some really good friends here and when I go to college at Lake Superior State University I won't be able to see any of them, except the ones that are also going there unless I come home for breaks and vacations," said Senior Emberly Martinez.

"I am really going to miss my friends when I go away to college" said Senior Brandy Lowe. "I am going to miss being involved in all of the events that went on, like Student Council, E.A.R.T.H. and Renaissance," said Senior Joe Molnar. High school is a place where you get involved and make new friends.
