

Spring

to the rescue

Looking forward to Spring Break, Senior Erin Anderson is going to Spain with the Spanish classes.

Anticipation awaits! Many seniors are planning to go somewhere for spring break. For some, that is all that they can think about. "I am going to party in Cancun, Mexico with a group of friends," said Senior Tracy Howard. Some students are fortunate, and they do not have to pay for their trip, but others have to come up with the money themselves. "I plan on spending about 1,000 dollars," said Senior Erik Mitchell. Planning is usually done in advance to be sure to have the reservations. "My mom and I have been planning to go somewhere special since I was in the eighth grade," said Senior Tricia Blakely. There will be no problem staying busy while on vacation. "We plan on lying on the beach, swimming, sight seeing, and of course, partying," said Senior Mandy Badgett. Some students prefer developing a base tan by going to the tanner a few times before the big trip. "I'm going to the tanner so that I won't get burned when I go to Florida," said Senior Rob Norris. Spring Break will be a memorable moment for many seniors.
