CCHS MEETS MAY 10 at BATH

Our May 10 meeting is at the Bath High School Cafeteria. Bath High School graduates were practicing in the Methodist Church in May 1927 when dynamite, which had been planted by Andrew Kehoe, destroyed the Bath School killing 45 people.

May 10 survivors of that event will put on our program, sharing questions.

The program begins at 7:30 p.m.

Arrive early and tour a gazebo erected by the James Couzens Society in Bath at the site of the destroyed school.

THE BEST CHRISTMAS
EVER

A MESSAGE FROM OUR PRESIDENT

" Summer has gone - kaput! But we ask ourselves, where did it go so quickly? "

The frost has hit the pumpkin; the fodder missed the shock; no longer does the farmyard rooster envy his harem and his flock.

The Clinton County Historical Society has had a busy fall planing the hour tour and annual Christmas meeting-party.

We have ordered good weather for the Home Tour and there are reports we were guaranteed a 50-50 chance that it will be so. However, it is best to dress warm and be comfortable.

The Christmas party at the museum promises plenty of fun and fellowship. There is a chance Santa may be there...or, perhaps he will have left something for everyone.

See you at the home tour,
FORD CEASAR, president
